GOV. EASLEY ANNOUNCES 180 JOBS FOR MOORE COUNTY

RALEIGH—Gov. Mike Easley announced today that Dynamic Homes, LLC., a new modular homes manufacturer, has chosen Robbins, North Carolina as its headquarters and site of a housing manufacturing facility that will employ 180 North Carolinians in the next three years.

“This project will create exciting opportunities for the people of Robbins and Moore County,” said Easley. “The company will bring quality jobs to a region that has seen challenging economic times. The company’s decision to locate a headquarters in North Carolina shows that our investments in infrastructure are paying off.”

Dynamic Homes, LLC., is a start up company that manufactures affordable modular homes. The North Carolina site will initially hire 40 employees and a total of 80 in the first year with a salary ranging from \$8 to \$13 an hour. Within three years, the company will employ 180 North Carolinians and bring \$1,000,000 in investment.

“I am excited about the new economic opportunities that this manufacturing facility will bring to the area, especially during these tough times,” said House Co-Speaker Richard Morgan (R-Moore), who represents the area. “I appreciate the efforts of Governor Easley in making this happen.”

The company chose to expand in North Carolina over Virginia and Georgia. It will renovate an existing building to create approximately 95,000 square feet of workspace. The company will occupy its new facility immediately and expects to be in full operation within a year.

Dynamic Homes, LLC., received \$125,000 in competitive fund money to be used for new equipment and building renovation.

“We considered several other locations, both in and outside of North Carolina, before we made the final decision about coming to Robbins,” said Jimmy Holmes, President of Dynamic Homes, Inc. “But, we know that the workforce is here and ready to go to work. The Community College is doing what we need in terms of training. The town, county and state have given us outstanding support.”

The Department of Commerce worked with Moore County Commissioners, Town of Robbins Commissioners, Moore County Partners in Progress, Sandhills Community College and Northern Moore Tomorrow, Inc. to recruit the company to Robbins.
